

Lightroom - Renaming a Single Image e.g. for Offshoot using membership number , image title while keeping original Image number.

- a) Go to Library Mode
- b) Select Image from Grid or Film Strip
- c) F2 - Brings up “Rename 1 Photo” Dialog below
- d) Type in Offshoot Membership Number e.g. 303_ followed by image title.

Always use underscore (_) or dash (-) NOT Space to Link name parts
(Same applies to Renaming Images at Importing)

The original Image number will be added to your new name in this case **-057.CR2**
